Welcome to the University of Utah and the Honors College!

For over 50 years, students have pursued honors education at the U. Each year, we welcome intellectually curious students passionate about the world.

Our honors curriculum and community are designed to engage students in a wide range of studies, culminating in a thesis, project, or capstone within their major. We offer unique opportunities for students to develop critical thinking skills, excellent communication and problem-solving skills that are applicable to any field of study or career.

We are thrilled to have you join us in the Fall!

Fall Registration Next Steps:

1. **After selecting your courses, register for HONOR 1010** (any section besides 024 and 025). This is a **required** course for all first-year Honors students.
2. **Consider adding another core Honors course to your schedule.** This is a great way to fulfill a general education requirement, in addition to an Honors one!
3. After orientation, if you have more questions or need help registering for Honors classes, schedule an appointment with an Honors Advisor or email us at advising@honors.utah.edu.
